

“A professional, flexible and enjoyable service. The lessons are well planned and time flies by as they are interesting and fun. What surprises me is that I can tell my Chinese has improved, not only in terms of vocabulary, but also in terms of grammar structure and understanding of Chinese culture.” --- Fiona, Cisco

This is the right course for you if:

Course objectives description

Step by step, the course will focus on enlarging your vocabulary and introduce new grammatical structures in order to allow you to cope with a comparatively more complicated or wider range of social situations on the basis of the completion of the beginner course. New themes will be explored and you will learn more about Chinese culture, values and everyday life.

2. Course objectives

By the end of the course, you will be familiar with approximately 700 words, 160 sentence patterns and 1600 commonly used sentences.

3. What does it mean practically?

You will be able to participate in simple daily conversations with native speakers and feel more comfortable because you can now cope with more than 30 situations.

4. Have a glimpse at what you can achieve with us

1. The students will be able to talk about the hairstyle they would like to have.
2. The students will be able to talk about what they think of the shopping
3. The students will be able to talk about the sports they can play
4. The students will be able to understand how to offer treat.
5. The students will be able to understand how to get around in a taxi.
7. The students will be able to talk about somebody is going to get married.
8. The students will be able to understand how to express the fact that something has happened frequently so far.
9. The students will be able to understand how to ask for a receipt.
10. The students will be able to understand more complicated telephone manners.
